

YOUR WIRELESS EXPERTS

ABOUT THE COMPANY

GBS Mobility is a communications company that provides a wide range of solutions for business and personal use to their client. Solutions that are available to clients are: cellular, mobile internet, fleet management, in-building wireless, onsite repair center, and more.

WHAT YOU SHOULD KNOW NSFA FAQ?

If I switch to TELUS, can I keep my same number?

Yes, you can.

Can I keep my same phone?

No, you would get new hardware from TELUS. Your phone can be traded in, and used as a credit (money) towards your new hardware.

What if I have a contract with another carrier?

Arrange a meeting with Janet, and we will discuss conversion credits for switching to TELUS.

Will I have the same coverage/reception?

Yes. TELUS uses the same towers as Bell so if you are currently with them your coverage will be the same.

What is Procure?

Pro Care is exclusive to GBS Mobility clients. The one-time fee provides clients with the right tools for an optimum mobile experience. You can choose between a two year or a three year extended manufacturer's warranty, which also comes with other incentives such as car chargers, screen protectors, cases, discounts on future accessory purchases, and training sessions.
